

ONE-DAY WORKSHOP

# **SITUATIONAL LEADERSHIP® :** **BUILDING LEADERS**

## **A FOUNDATION OF LEADERSHIP**

**Situational Leadership®: Building Leaders** introduces participants to the **Situational Leadership® Model** and equips leaders with the necessary tools to skillfully navigate the demands of an increasingly diverse workforce and evolving global marketplace. Widely adaptable to any circumstance, **Situational Leadership®** prepares leaders to meet the moment-to-moment challenges pervasive in today's work environments.

Through a combination of instructor-led training, role-playing and skill-building activities, **Situational Leadership®: Building Leaders** provides ample opportunity to practice applying the core tenets of the model. Participants learn to effectively manage by immediately prioritizing broad actions into specific tasks and utilizing the tools that indicate each individual's ability to perform.

In addition, online or paper-based assessments (LEAD Self and LEAD Other) provide participants with insights into their primary leadership behaviors and the range of styles they tend to act upon.
